📍 Room 109, Remote Sensing Building, Peking University, Beijing, China

EDUCATION

Peking University 2020.09 – 2025.06 (Expected)

- Ph.D. Candidate in *Geographical Information Science*
- Supervisor: Prof. Zhou Huang & Prof. Yu Liu
- Thesis: Analysis and Application of Low-Carbon Urban Transportation Based on Geospatial Big Data

Peking University 2016.09 – 2020.06

- B.S. in *Geographical Information Science*
- Supervisor: Prof. Zhou Huang
- Thesis: Spatial Prediction of Public Transportation Modal Share: A Case Study in Beijing

EXPERIENCE

Research Assistant 2018.10 – present

Spatio-Temporal Social Sensing Lab (S^3 -Lab), Peking University

- Focus on spatial-temporal big data analysis and modeling
- Explore the human-environment relationship with geospatial big data
- Leverage data-driven techniques to examine issues including transportation and urbanization

Visiting Student 2017.09 – 2017.10

UC Berkeley, Davis & Santa Barbara

- Course study and field practice
- Apply remote sensing imagery to analyze drought in northern China

RESEARCH INTERESTS

- Urban Transportation & Human Mobility
- Urban Development & Urban Metabolism
- Remote Sensing & Social Sensing
- Geospatial Artificial Intelligence & Its Applications
- Sustainable Development Goals (SDGs)

PRESENTATIONS & TALKS

- [1] **Yin, G.** Analysis and application of urban sustainable transportation based on geographic big data. The 9th "Zhizhuo" Doctoral Student Forum. Dec 1, 2024. Wuhan. China. (*Oral*)
- [2] **Yin, G.** Evaluating the efficiency-emission impacts of travel mode shift on sustainable transportation: A multi-objective optimization. The 2024 International Graduate Workshop on GeoInformatics (IGWG 2024). Oct 27, 2024. Beijing. China. (*Oral*)
- [3] **Yin, G.** Exploring the influencing factors of urban commercial agglomeration attractiveness based on mobile signaling big data. The 18th China Annual Conference on GIS Theory and Method. May 19-21, 2023. Guilin. China. (*Oral*)
- [4] **Yin, G.** Understanding public transport supply and demand from the perspective of public transport travel ratio in a fine spatial scale. The 29th International Conference on Geoinformatics (CPGIS 2021). November 3-5, 2021. Nanchang. China. (*Oral*)

PROJECTS

Multi-source Trajectory Big Data Computing Methods and Applications for Traffic Infrastructure Optimization 2023.01 – 2026.12

Research Assistant · National Natural Science Foundation of China (No. 42271471)

- Examine human travel behaviour using multisource trajectory big data
- Apply big data analytics and machine learning algorithms for transportation optimization

Mobility as a Service: From Rigid to Smart Evolving Public Transport 2019.08 – 2021.07

Research Assistant · National Key Research and Development Program of China (No. 2017YFE0196100)

- Analyze the supply and demand of urban public transportation with geospatial big data
- Responsible for project management, communication, and closure

HONORS & AWARDS

Merit Student , Peking University (<i>Top 20%</i>)	2024
Rising Star Award , College GIS Forum (CGF) of China (<i>Ranked 1st nationwide</i>)	2023
Presidential Scholarship , Peking University (<i>Top 5%, ¥82,000</i>)	2023
Industrial Bank Scholarship , Peking University (<i>¥5,000</i>)	2023
Academic Excellence Award , Peking University (<i>Top 20%</i>)	2023
Presidential Scholarship , Peking University (<i>Top 5%, ¥82,000</i>)	2022
Merit Student , Peking University (<i>Top 20%</i>)	2022
LongRuan Scholarship , Beijing LongRuan Technology Co. Ltd. (<i>¥5,000</i>)	2020
Study Excellence Award , Peking University (<i>Top 20%</i>)	2017

SERVICES

Peer Reviewer

ISPRS Journal of Photogrammetry and Remote Sensing	2025
Journal of Transport Geography	2024
IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing	2024
International Journal of Transportation Science and Technology	2024
Heliyon	2024
Computers, Environment and Urban Systems	2024
Cities	2024
International Journal of Applied Earth Observation and Geoinformation	2024
Urban Climate	2023
Transactions in GIS	2021

Session Chair

The 2021 International Graduate Workshop on GeoInformatics (IGWG 2021)	2021
